ABOUT TPG Specialty Lending, Inc.

TSL is a specialty finance company focused on lending to middle-market companies. Since TSL began its investment activities in July 2011, it has originated more than \$2.6 billion aggregate principal amount of investments and retained more than \$1.7 billion aggregate principal amount of these investments on its balance sheet prior to any subsequent exits and repayments. It seeks to generate current income primarily in U.S.-domiciled middle-market companies through direct originations of senior secured loans and, to a lesser extent, originations of mezzanine loans and investments in corporate bonds and equity securities. The companies in which it invests use its capital to support organic growth, acquisitions, market or product expansion and recapitalizations. Most of its investments are floating-rate in nature, which TSL believes will help act as a portfolio-wide hedge against inflation. As of December 31, 2013, TSL's portfolio had a fair value of approximately \$1,016.5 million and consisted of 27 portfolio companies.

TSL has elected to be regulated as a business development company, or a BDC, under the Investment Company Act of 1940 and the rules and regulations promulgated thereunder. TSL is externally managed by TSL Advisers, LLC (the "Adviser"), an SEC-registered investment adviser with offices throughout the United States. The Adviser sources and manages TSL's portfolio through a dedicated team of investment professionals with significant expertise in middle market lending. TSL leverages the deep investment, sector, and operating resources of TPG Special Situations Partners ("TSSP"), the dedicated special situations and credit platform of TPG, with over \$8.5 billion of assets under management, and the broader TPG platform, a leading global private investment firm with over \$59 billion of assets under management, each as of December 31, 2013, as adjusted for commitments accepted on January 2, 2014.
