FIRST QUARTER 2023 EARNINGS RESULTS

Sixth Street Specialty Lending, Inc. Reports First Results; Declares a Second Quarter Base Dividend Per Share of \$0.46, and a First Quarter Supplemental Dividend Per Share of \$0.04

NEW YORK—May 8, 2023— Sixth Street Specialty Lending, Inc. (NYSE: TSLX, or the “Company”) today reported net investment income of \$0.53 per share and net income of \$0.65 per share for the first quarter ended March 31, 2023. These results correspond to an annualized return on equity (ROE) on net investment income and net income of 12.8% and 15.8%, respectively.

Both net investment income per share and net income per share include approximately \$0.02 per share of capital gains incentive fee expenses that were accrued, but not paid or payable, related to cumulative unrealized capital gains in excess of cumulative net realized capital gains less any cumulative unrealized losses and capital gains incentive fees paid inception-to-date. Excluding the impact of the accrued capital gains incentive fee expenses, the Company’s adjusted net investment income and adjusted net income for the quarter ended March 31, 2023, were \$44.7 million, or \$0.55 per share, and \$54.7 million, or \$0.67 per share, respectively. These results correspond to an annualized return on equity (ROE) on adjusted net investment income and adjusted net income of 13.3% and 16.3%, respectively. The Company’s strong net investment income in the first quarter reflects continued strength of the core earnings power of its portfolio. Net investment income was supported by elevated portfolio yields driven by higher interest rates.

Reported net asset value (NAV) per share was \$16.59 at March 31, 2023 as compared to NAV per share of \$16.48 or an adjusted NAV per share of \$16.39 at December 31, 2022 (which accounts for the impact of the \$0.09 per share fourth quarter 2022 supplemental dividend). The drivers of this quarter’s NAV per share growth were primarily the continued overearning of the Company’s base quarterly dividend and net realized and unrealized gains related to certain portfolio-company specific events.

The Company announced that its Board of Directors has declared a second quarter 2023 base dividend of \$0.46 per share to shareholders of record as of June 15, 2023, payable on June 30, 2023, and a first quarter supplemental dividend of \$0.04 per share to shareholders of record as of May 31, 2023, payable on June 20, 2023. Adjusted for the impact of the supplemental dividend related to this quarter’s earnings, the Company’s Q1 adjusted NAV per share was \$16.55.

During the quarter, the Company satisfied the maturity of its \$150 million January 2023 unsecured notes through utilization of undrawn capacity on its revolving credit facility. The settlement marginally decreased the Company’s weighted average cost of debt and had no impact on leverage.

The Company's credit facilities also bear interest at floating rates. As of March 31, 2023 and December 31, 2022, 0.68% and 0.01% of the portfolio at fair value was on non-accrual status, respectively. The increase in the notional quoted value from the prior quarter reflects another tranche of the Company's legacy non-accrual investment, American Achievement, being placed on non-accrual during the quarter. American Achievement remains the only portfolio company on non-accrual status.

1. As of March 31, 2023, excludes 44 structured credit investments with a total fair value of \$53.7 million.

2. As of December 31, 2022, excludes 43 structured credit investments with a total fair value of \$51.4 million.
