

## THIRD QUARTER 2023 EARNINGS RESULTS

**Sixth Street Specialty Lending, Inc. Reports Third Quarter Results; Declares a Fourth Quarter Base Dividend Per Share of \$0.46, and a Third Quarter Supplemental Dividend Per Share of \$0.07**

“Since our first investment in 2011, we have worked to uphold a distinguished return profile for our investors by working to avoid credit losses and being disciplined allocators of our shareholders’ capital. That has been our commitment to shareholders since inception.”

- Joshua Easterly, Chairman and Chief Executive Officer

NEW YORK—November 2, 2023— Sixth Street Specialty Lending, Inc. (NYSE: TSLX, or the “Company”) today reported net investment income of \$0.57 per share and net income of \$0.74 per share for the third quarter ended September 30, 2023. These results correspond to an annualized return on equity (ROE) on net investment income and net income of 13.7% and 17.8%, respectively.

Both net investment income per share and net income per share include approximately \$0.03 per share of capital gains incentive fee expenses that were accrued, but not paid or payable, related to cumulative unrealized capital gains in excess of cumulative net realized capital gains less any cumulative unrealized losses and capital gains incentive fees paid inception-to-date. Excluding the impact of the accrued capital gains incentive fee expenses, the Company’s adjusted net investment income and adjusted net income for the quarter ended September 30, 2023, were \$52.3 million, or \$0.60 per share, and \$67.4 million, or \$0.77 per share, respectively. These results correspond to an annualized return on equity (ROE) on adjusted net investment income and adjusted net income of 14.4% and 18.5%, respectively. The Company’s strong net investment income in the third quarter reflects continued strength of the core earnings power of its portfolio. Net investment income was supported by elevated portfolio yields driven by higher interest rates.

Reported net asset value (NAV) per share was \$16.97 at September 30, 2023 as compared to NAV per share of \$16.74 or an adjusted NAV per share of \$16.68 at June 30, 2023 (which accounts for the impact of the \$0.06 per share second quarter 2023 supplemental dividend). The drivers of this quarter’s NAV per share growth were primarily the continued overearning of the Company’s base quarterly dividend and net unrealized and realized gains from investments.

The Company announced that its Board of Directors has declared a fourth quarter 2023 base dividend of \$0.46 per share to shareholders of record as of December 15, 2023, payable on December 29, 2023, and a third quarter supplemental dividend of \$0.07 per share to shareholders of record as of November 30, 2023, payable on December 20, 2023. Adjusted for the impact of the supplemental dividend related to this quarter’s earnings, the Company’s Q3 adjusted NAV per share was \$16.90.

On August 7, 2023, the Company issued \$300.0 million aggregate principal amount of unsecured notes that mature on August 14, 2028 (the “2028 Notes”). The 2028 Notes bear interest at a rate of 6.95% per year. The Company used the net proceeds of the 2028 Notes to repay outstanding indebtedness under the Revolving Credit Facility.

In connection with the offering, the Company entered into an interest rate swap to better align the interest rate of its liabilities with the Company’s investment portfolio, which consists of predominately floating rate loans. As a result of the swap, the Company’s effective interest rate on the 2028 Notes is SOFR plus 299 basis points.
