

TPG SPECIALTY LENDING, INC. PRICES \$50 MILLION OF UNSECURED CONVERTIBLE NOTES

New York, NY—(BUSINESS WIRE)—June 14, 2018—TPG Specialty Lending, Inc. (NYSE: TSLX) (“TSLX” or the “Company”) announced today that it has agreed to sell to underwriters in a public offering \$50 million aggregate principal amount of its 4.50% Convertible Notes due 2022 (the “Notes”). The Notes will have identical terms, be fungible with and be a part of a single series with the outstanding \$115 million aggregate principal amount of the Company’s 4.50% Convertible Notes due 2022 issued in February 2017 in a private offering. TSLX has also granted the underwriters an option to purchase up to an additional \$7.5 million aggregate principal amount of the Notes to cover over-allotments, if any. The offering will be made pursuant to a registration statement, which has been filed with, and declared effective by, the Securities and Exchange Commission (the “SEC”). The closing of the transaction is subject to customary closing conditions, and the Notes are expected to be delivered and paid for on June 19, 2018.

The Notes are unsecured, and bear interest at a rate of 4.50% per year, payable semiannually. In certain circumstances, the Notes will be convertible into cash, shares of TSLX’s common stock or a combination of cash and shares of TSLX’s common stock, at TSLX’s election. The conversion rate on the Notes when issued in February 2017 was initially 46.8516 shares of common stock per \$1,000 principal amount of Notes (equivalent to an initial conversion price of approximately \$21.34 per share of common stock). After giving effect to certain adjustments, as of the date hereof, the conversion rate on the Notes is 47.5093 shares of common stock per \$1,000 principal amount of Notes (equivalent to a conversion price of approximately \$21.05 per share of common stock). The conversion price is 16% above the \$18.08 per share closing price of TSLX’s common stock on June 14, 2018. TSLX will not have the right to redeem the Notes prior to maturity. The Notes will mature on August 1, 2022, unless repurchased or converted in accordance with their terms prior to such date.

TSLX expects to use the net proceeds of the offering to pay down outstanding debt under its revolving credit facility. However, through re-borrowing under the revolving credit facility, the Company intends to make new investments in accordance with its investment objectives and strategies outlined in the preliminary prospectus supplement and the accompanying prospectus described below in greater detail.

In connection with the offering of Notes, TSLX intends to enter into interest rate swaps to better align the interest rates of its liabilities with its investment portfolio, which consists of predominately floating rate loans.

J.P. Morgan and Goldman Sachs & Co. LLC are acting as joint book-running managers for this offering.

Investors are advised to carefully consider the investment objectives, risks, charges and expenses of the Company before investing. The pricing term sheet dated June 14, 2018, the preliminary prospectus supplement dated June 14, 2018 and the accompanying prospectus dated May 21, 2018, each of which have been filed with the SEC, contain this and other information about the Company and should be read carefully before investing.
